Dominican Republic Prospers Under U.S.

(By Associated Press)

WASHINGTON, D. C., Nov. 12.—Development of sanitation in the Dominican republic was shown to have made rapid strides in the past year at American occupation. In a report submitted to the navy department by Commander Reynolds Hayden, of the navy medical corps, aide on the staff of the military governor. Since the creation last January of a national department of sanitation and beneficence, headed by a cabinet officer charged with administration of all public health activities, there have been constructed five large charity hospitals, a national insane asylum and a new leper colony, the report showed, involving expenditures of approximately \$1,000,000.

While most of the administrative positions are held by natives, the department is temporarily headed by a medical officer of the navy. Although comparative statistics are lacking, disease among the natives was said to have been enormously reduced as a result of the new organization.

AMUSEMENTS

ALICE BRADY AT

THE BUTLER TODAY

"And do they never come here after they are married?" asked Katherine wonderingly, when the prince told her how many famous lovers of history had stood on that balcony and exchanged their love vows. "That's a queer thing about romantic spots and wonderful views—lovers are so much keener to show them to their sweethearts than to their wives. What is there about a marriage ceremony that deprives woman of all power to enjoy fine scenery and interesting trips? Isn't a mountain just as majestic in her sight after as before the wedding? Of course! The difference is in the man's point of view. Probably he has never thought it out and put it into words, but down deep in his heart if he is an average man—as a comfortable conviction that it isn't necessary, nor especially worth while, to tear around and amuse his wife, show her the sights, make life continuously interesting and full of thrills for her. What? You're not that kind of a couple? Oh, well, excuse me, we were speaking of the AVERAGE man and the AVERAGE woman. Nothing personal in what we meant. We were just reminded of it by an incident that occurs in 'The Dark Lantern' that is going to be shown at the Butler today. The average husband may not care whether his wife ever sees a movie, but you want her to see many, and always the best ones, so be sure and be on hand."

Tomorrow, Mary Miles Minter, in "Sweet Lavender," and a two-reel Harold Lloyd comedy, "From Hand to Mouth."

Monday, Georges Carpentier, the French champion, in a six-reel feature, "The Wonder Man."

THREE AVIATORS LOST ON LAKE

(By Associated Press)

CHICAGO, Nov. 12.—Three men who, in a seaplane, were lost in a storm over Lake Michigan Wednesday, are feared to have perished from the cold and rough seas. The men were Lieutenant Harry Barr, Ensign Edwin M. Clark and Gunner's Mate John Caesar, all of Illinois.

IRISH BILL PASSED

(By Associated Press)

LONDON, Nov. 11.—The Irish home rule bill passed the house of commons on third reading today.

HOW MULCAHY

FEELS ABOUT IT

There is no stronger and more loyal Democrat in the state than P. H. Mulcahy of the Sparks Tribune, hence the following declaration made by him since election is of particular interest:

"The editor of the Tribune lives in the only democratic city in the world, but every mother's son of us take off our hats to President-elect Harding."

War Insurance Must Be Reinstated Soon

The last of the 3,000,000 men who originally held war risk insurance, will lose their opportunity to reinstate without a full medical examination at an expense of between \$3 and \$10, unless they attend to it between now and December 31.

Red Cross chapter workers in the Pacific division are making an effort to bring to the ex-service men knowledge of their opportunity to reinstate their insurance before they are compelled to make expenditure in order to obtain it.

The requirements for reinstatement provide for the payment of two monthly premiums on the amount of insurance the applicant desires to reinstate and the execution of a certificate to the effect that to the best of his knowledge and belief he is in as good health as he was at the date of his discharge. This is necessary where the month of discharge is not more than 18 months prior to the month of his application for reinstatement.

NEW EQUIPMENT FOR ARROWHEAD

The new 25-horsepower gas engine and the steel galloways frame of the Arrowhead Mining company will arrive in this city by rail either tomorrow or Sunday, according to word received by officers of the company. The new equipment will be taken at once to the mine at Arrowhead, where it will be installed as rapidly as possible. This will facilitate the development work and the hoisting of the ore, and means that the shipments of ore from this mine to Tonopah will be increased.

The Arrowhead property is one of the most promising in southern Nevada, and with the new equipment should be able to make rapid strides in the development work.

Location books are now for sale at The Bonanza office.

AIRDOME SKATING RINK

Commencing Monday, Nov. 15, the rink will be open from 1:30 to 3:30 for ladies. Mr. Searle, the instructor, will be glad to teach any and all beginners. From 3:30 to 5:30, for school children. Admission, 10c, skates 25c. Saturday morning from 9 to 12, admission 10c, skates 40c. Dance Saturday night. Pictures every Tuesday and Thursday nights. Adv-N12-21
